ABOUT NASHIK

Nashik is a district head quarters located on the banks of river Godavari and is 185 km away from Mumbai. Nashik is famous for Historical & Religious places. North south length is 120 kms. East West length is 200 kms. The climate is moderate and is located at 635m above mean sea level. The History of the city dates back to Ramayana. There are many references of the city in many epics as well as vedas. Today the city has developed into a metropolis with a population of 16 lakh and it has been a flourishing Industrial Centre as well as an educational centre. There are three Industrial Estates and dozens of Engineering Colleges.

ABOUT THE INSTITUTE

The K. K. Wagh Education Society has been established with social awareness in the year 1968 with the aim of imparting quality education in rural setting. Presently society runs 35 education institutes. K.K. Wagh Engineering Institute of Engineering Education & Research is one of the flagship institute run by the society. In 1984, the college was established at Hirabai Haridas Vidyanagari, a land of 23 acres crystallizing long cherished dream of providing world-class facilities for professional education in Maharashtra. It is approved by the All India Council for Technical Education (AICTE) and affiliated to University of Pune.

The institute offers Engineering Courses in Computer, Electronics, Electronics and Telecommunication, Production, Civil, Mechanical, Electrical, Chemical Engineering and Information Technology. The institute offers PG and Research Program in Computer, Electronics and Telecommunication, Production, Electrical & Civil Engineering Departments. The institute also offers MCA under faculty of Engineering and MBA. The total intake is 1068.

ABOUT THE DEPARTMENT

The Department of Computer Engineering at the K. K. Wagh Institute of Engineering Education and Research, Nashik was established in the year 1984. Since then, especially in the last fifteen years of the IT revolution, the department has taken long strides and is now among one of the best departments in the University.

The Department has well-furnished laboratories equipped with state-of-the-art hardware and software resources, instruction halls, a seminar hall, tutorial and faculty rooms. The Department has a blend of experienced and young faculty members who also work as mentors to the equally diligent, hardworking and intelligent students.The Department offers four years Bachelors Degree Program in Computer Engineering with an intake of 120, two years Post Graduate Degree Program in Masters of Computer Engineering with an intake of 18 and a research center in Computer Engineering wherein Doctoral program is also offered. Currently there are 552 UG students, 35 post graduate students and 5 Research Scholars. Various activities and events such as Seminars, workshops, Conferences, symposiums, Short term training and certifications, Lecture programs, programming, quiz, project and web designing competitions are organized by the students under the guidance of faculty members through students' club named as Debuggers' club established in the year 1988, student branch of CSI established in the year 1996 and IBM's center of Excellence established in the year 2010.
